# A General

All prices stated are before sales tax (VAT).

Distribution Licence Fees, Non-Display Licence Fees, CFD Licence Fees und Data Fees are to be paid on a cumulative basis, if not stated otherwise in the Price List.

Available Information Products are categorised in terms of colour to highlight their quality levels. The different levels are described in the following table.

## Product Groups

Premium	<ul style="list-style-type: none"> <li>▪ Real-Time Analytics</li> <li>▪ Information Products with the most granular order book data</li> <li>▪ Lowest latency</li> </ul>
Ultra	<ul style="list-style-type: none"> <li>▪ Advanced Information Products</li> <li>▪ Un-netted pre-trade and trade data<sup>1)</sup></li> <li>▪ Very low latency</li> </ul>
Core	<ul style="list-style-type: none"> <li>▪ Regular Information Products</li> <li>▪ Netted pre-trade and un-netted trade data<sup>1)</sup></li> <li>▪ Low latency</li> </ul>
MiFiD II – Disaggregated Information Products	<ul style="list-style-type: none"> <li>▪ Information Products offered by Deutsche Börse AG relating to Art. 10 of Delegated Act (EU) Number 2017/567</li> </ul>

1) Netted pre-trade information provides bids and offers at specified time intervals; un-netted pre-trade information provides all bids and offers (up to the pre-defined order book depth) as soon as they occur.

Deutsche Börse AG reserves the right to change content and prices of the Information Products in accordance with the Market Data Dissemination Agreement.

If Licensed Information is directly or indirectly procured via Deutsche Börse AG's CEF<sup>®</sup> Core Multicast Systems, the content of the Information Products may be limited.

## B Distribution Licence Fees

Distribution Licence Fees are charged for the right to disseminate Licensed Information to both Vendors and Sub-Vendors in accordance with the Market Data Dissemination Agreement.

The Distribution Licence Fees for the category Real-time Information include the use and dissemination of the respective category Delayed Information.

Distribution Licence Fees apply once per Contracting Party per Information Product per month.

This rule applies analogously to all upgrades within Real-time Information Products, e.g. from Core to Ultra or Order by Order (the Realtime Distribution License Fees for the Core product continue to apply) or from Ultra to Order by Order (the Realtime Distribution License Fees for the Ultra product continue to apply) or from Order by Order Futures to Order by Order Futures + Options (the Realtime Distribution License Fees for Order by Order Futures continue to apply).</p>	<p>The rules of the Market Data Dissemination Agreement such as Reporting and payment of Data Fees, Dissemination within Closed User Groups etc. apply without reservation.</p>

## C Non-Display Licence Fees

Non-Display Licence Fees apply once per Contracting Party per Information Product per month if not otherwise specified.

Non-Display Licence Fees shall be remunerated cumulatively for different categories of Non-Display Information Usage if not otherwise specified:

### **Trading based activities**

Examples of 'trading based activities' include: semi-automated or automated order/quote generation, order pegging, price referencing for trading purposes, smart order routing to facilitate trading, order management, execution management, market making, 'black box' trading, algorithmic trading, program trading and the operation of trading platforms as well as quoting and trading of financial derivatives (including but not limited to futures, options, warrants and certificates linked to the respective underlying market data).

For the Non-Display Information Usage for trading based activities the following categories of Non-Display Licence Fees apply:

### **Tier 1 – Trading Platform**

Non-Display Information Usage is included in the operation of trading platforms and/or systematic internalization including, but not limited to the operation of multilateral trading facilities (MTF), organised trading facilities (OTFs), alternative trading systems, broker crossing networks and dark pools.

The Non-Display Licence Fees for Tier 1 include the fees for Tier 2, 3 and 4.

### **Tier 2 – Trading as Principal and Brokerage**

Internal Non-Display Information Usage is for the purposes of trading-based activities as principal i.e. acting in one's own name and for one's own account (Trading Firms/ Proprietary Trading), and for the purpose of customer business facilitation, i.e. acting on behalf of another person's name and for another person's account or acting in one's own name and for another person's account (Brokerage Firms).

The Non-Display Licence Fees for Tier 2 include the fees for Tier 3 and 4.

### **Tier 3 – Trading as Principal or Brokerage**

- a) Internal Non-Display Information Usage is for the sole purpose of trading-based activities as principal and with no customer business facilitation, i.e. acting in one's own name and for one's own account (Trading Firms/ Proprietary Trading)  
or
- b) Internal Non-Display Information Usage is for the sole purpose of trading-based activities to facilitate customer business, i.e. acting on behalf of another person's name and for another person's account or acting in one's own name and for another person's account (Brokerage Firms)

The Non-Display Licence Fees for Tier 3 include the fees for Tier 4.

## Tier 4 – Managed Non-Display Information-Usage

Internal Non-Display Information Usage is for the sole purpose of trading-based activities as principal and with no customer business facilitation, i.e. acting in one's own name and for one's own account (Trading Firms/ Proprietary Trading) by the Subscriber of the Contracting Party of Deutsche Börse AG. This tier applies to Managed Non-Display Information Usage of the Subscriber via a single managed Non-Display service provided by the Contracting Party of Deutsche Börse AG.

Tier 4 Non-Display Licence Fees are charged to the Contracting Party of Deutsche Börse AG as a provider of a Managed Non-Display Service of the Subscriber in accordance with Section 41.3 of the General Terms and Conditions to the Market Data Dissemination Agreement.

### Other activities

### Index Calculation

Non-Display Information Usage for the purpose of calculation and distribution of Indices.

### Other Application Usage

Contracting Party is entitled for Non-Display Information Usage for other purposes than trading-based activities and/or Index Calculation including, but not limited to, risk management, profit and loss calculation, portfolio valuation, quantitative analysis, fund administration, fund accounting, portfolio management or instrument pricing. It does not include the execution of Non-Display Information Usage by the Contracting Party as a vicarious agent ("Erfüllungsgehilfe") on behalf of a third party.

## C.2 Special Fees / Policies

### Special Fees / Policies

	<b>Description and Prices</b>	<b>Supplemental Provisions</b>
Other Application Usage by Vendors	Other Application Usage by Vendors does not need to be licensed if the Vendor already pays Real-time Distribution Licence Fees for the respective Information Product and the Non-Display Information Usage serves only for the purpose of extending the onward dissemination of Information with simple analytics and calculations.	The Contracting Party has to inform Deutsche Börse AG of its Information Usage in advance and needs to obtain the written approval from Deutsche Börse AG that the respective Information Usage does not require further licensing.

## D CFD Licence Fees

CFD Licence Fees apply for CFD Information Usage and depending on the scope of use consist of a Basic Licence Fee, a White Labelling component and of a Numbers of Users component.

The Basic Licence Fee shall apply if the respective Information Product is used within a CFD Information Usage and includes the right to provide the calculated prices to less than 1000 Users.

In addition, to the Basic Licence Fee a component has to be paid if the calculated prices within a CFD Information Usage are provided to Users in the form of White Labelling. For this purpose, the following size related categories may be licensed:

- Tier 4 - Licence includes the right of provision to up to 5 White Labelling Partners.
- Tier 3 - Licence includes the right of provision to up to 10 White Labelling Partners.
- Tier 2 - Licence includes the right of provision to up to 15 White Labelling Partners.
- Tier 1 - Licence includes the right of provision to more than 15 White Labelling Partners.

In addition to the Basic Licence Fees a component for the number of Users has to be paid if the calculated prices within a CFD Information Usage are provided to more than 1000 Users:

- Tier 4 - Licence includes the right of provision to up to 2000 Users.
- Tier 3 - Licence includes the right of provision to up to 5000 Users.
- Tier 2 - Licence includes the right of provision to up to 10000 Users.
- Tier 1 - Licence includes the right of provision to more than 10000 Users.

For a CFD Information Usage with other Information Products as specified in D.1 Deutsche Börse AG has to be contacted in advance.

1) Xetra® Core Licence Fees do not apply, if respective Licence Fees for the respective category for Xetra® Ultra are being paid.

2) Eurex® Core Licence Fees do not apply, if respective Licence Fees for the respective category for Eurex® Ultra are being paid.

## D.2 Special Fees / Policies

### Special Fees / Policies

	Description and Prices	Supplemental Provisions
<b>Active User as Unit of Count</b>	<p>Contrary to the standard Unit of Count for Data Fees, the licence for CFD Information Usage Deutsche Börse AG allows the Contracting Party to base the licence for CFD Information Usage on the number of "Active Users". An Active User is defined as a User who during a particular month at one time held a position in an instrument where the price is calculated based on Deutsche Börse AG Information.</p> <p>If a User has multiple accounts, the Contracting Party is allowed to net these accounts with regard to the CFD Licence Fees, if it can be demonstrated that the accounts belong to the same User. Vice versa a Contracting Party needs to take into account all "active" accounts for CFD Licence Fees if this is not the case.</p>	<p>The number of Users has to be taken into account for the order via the online order form in MD+S interactive.</p> <p>The number of Users per month has to be demonstrated also for the past on request or in case of an Audit.</p>
<b>Users for whom the Contracting Party already pays Data Fees</b>	<p>If the Contracting Party already pays Data Fees for a particular User for the relevant Information Product, this User does not need to be taken into account for the CFD Licence Fees.</p>	<p>The number of Users has to be taken into account for the order via the online order form in MD+S interactive.</p> <p>The number of Users per month has to be demonstrated also for the past on request or in case of an Audit.</p>
<b>Non-Display Information Usage in connection with CFD Information Usage</b>	<p>If the Contracting Party in relation with its CFD Information Usage is also subject to the Non-Display Information Usage (NDIU) licence, e.g. for the internal risk management of its CFD business, this NDIU Internal Usage is covered by the CFD Licence Fees.</p>	<p>The Contracting Party has to inform Deutsche Börse AG of a respective Non-Display Information Usage in advance and has to obtain from Deutsche Börse AG the written approval that the internal Non-Display Information Usage is covered by the licence for CFD Information Usage.</p> <p>The Contracting Party needs to demonstrate on request or during an Audit also for the past that the internal Non-Display Information Usage has solely taken place in connection with the CFD Information Usage.</p>
<b>Netting Distribution Licence Fees and CFD Licence Fees</b>	<p>Where a Contracting Party is subject to both, Distribution Licence Fees and the Basic Licence Fee of CFD Licence Fees the higher of both fees shall apply. In addition, the Contracting Party has to pay Data Fees and/or CFD Licence Fees (components for White Labelling and/or Users, Tier 1-4) if applicable.</p>	<p>Will be taken into account for the determination of the monthly remuneration within the online order form in MD+S interactive.</p>
<b>Usage of more than one Information Product for the calculation of prices for one instrument</b>	<p>Where the CFD Information Usage includes more than one Information Product for the price calculation of a single instrument, the Contracting Party shall only pay the CFD Licence Fees for the Information Product with the highest price according to the Price List.</p>	<p>The Contracting Party needs to inform Deutsche Börse AG about the CFD Information Usage with multiple Information Products in advance and needs to agree with Deutsche Börse AG the licensing process.</p>
<b>API Clients</b>	<p>CFD Information Usage, where the Contracting Party provides calculated prices to third party platforms without being able to determine the number of Users or White Label partners of those third party platforms (which regularly will be the case when providing the calculated prices via an application programming interface (API) or data feed), is subject to:</p> <ol style="list-style-type: none"> <li>the conclusion of a Market Data Dissemination Agreement by the provider of the third party platform with DBAG and the according remuneration of the applicable CFD Licence Fees in accordance with the Price List; or</li> <li>the notification of DBAG by the Contracting Party of respective third party platforms which shall be provided with calculated prices as part of its CFD Information Usage. The Contracting Party has to remunerate the licence fee for the relevant Information Products as specified in the table "API Clients – Scale Prices" for each third party platform. In addition, the Contracting Party falls automatically under Tier 1 with regard to the number of Users and has to pay the corresponding Tier 1 CFD Licence Fees regardless of the actual number of Users.</li> </ol> <p>A sliding scale for other Information Products (e.g. Regional Exchanges Germany) follows the same logic and will be provided on request.</p>	<p>Order via online order form in MD+S interactive.</p> <p>Will be taken into account when determining the monthly applicable CFD Licence Fees.</p>

## API Clients – Scale Prices
