

India INX

Data from India's first international exchange

BSE (formerly Bombay Stock Exchange Ltd.) has set up India's first international exchange operating under the name India INX (India International Exchange).

India INX, a wholly owned subsidiary of BSE, is located in Gift City, India's first and only International Financial Service Centre (IFSC) situated in the state of Gujarat. The IFSC is a jurisdiction that provides financial services to non-residents and residents, to the extent permissible under the current regulations, in any currency except Indian Rupee. It offers the following advantages:

- Liberal tax regime for 10 years
- Strong regulatory and legal environment
- Modern transport, communication and internet infrastructure
- Only place in India which allows offshore transactions

About India INX

India INX will provide an electronic platform to facilitate trading, clearing and settlement of the widest range of global benchmark products across all major asset classes. These will include:

- Equity and equity derivatives
- Commodity derivatives
- Currency derivatives
- Interest rate derivatives
- Debt instruments

Data included

The information product India INX will be available as level 1 and level 2 product.

Data licensing

The existing market data agreement between BSE and Deutsche Börse has been extended to include India INX information products. Deutsche Börse is therefore the exclusive licensor of India INX data to international clients. If you wish to disseminate India INX data electronically, a Market Data Dissemination Agreement must be signed with Deutsche Börse AG.

Data dissemination

Data is disseminated via a direct data feed from India INX and indirectly through information providers (vendors). A list of vendors can be found at www.mds.deutsche-boerse.com > Data services > Real-time market data > Vendor list.
