All prices are stated in terms of monthly fees, exclude sales tax (VAT) and are quoted in Euro (EUR).

## A General Provisions

1. This Price List relates to the Cloud Stream Agreement which governs the technical access to Cloud Stream. The purpose of this Price List is to stipulate the individual fees applicable to services provided under the Cloud Stream Agreement. Section 7 of the General Terms and Conditions apply.
2. Unless defined otherwise in this Price List, capitalized terms used in this Price List have the meaning ascribed to them in the General Terms and Conditions to the Cloud Stream Agreement.

## B Cloud Stream Access Pricing

1. Contracting Party shall pay the Cloud Stream Access Fee as stipulated in this Section B. The Cloud Stream Access Fee is a monthly fee which is dependent on the way Contracting Party accesses Cloud Stream (i.e. either by way of public internet or a specific Cloud Service Provider). In a given month, the Cloud Stream Access Fee may comprise both accesses made via internet or a specific Cloud Service Provider. Currently, only AWS Virtual Private Cloud is supported as Cloud Service Provider.
2. With the first Cloud Stream Access ordered for a particular Information Product via the Order Form, DBAG will grant one additional Cloud Stream Access free of charge for the Information Product selected. Each additional Cloud Stream Access is subject to a fee.
